Dear Donor,

ACTS World Relief is the doing business as (DBA) name of a non-profit organization chartered under the original name "Fountain of Hope" as a Section 501 c(3) in 2001. It is a unique, highly trained National Incident Management System volunteer organization. There are not various levels of paid administration. Because of this, your gift is utilized to its fullest extent. The founder and President is David Canther. His vision is to empower gifted individuals young and old to serve around the world, knowing that they are making a difference. The maximum of your contributions are going toward their intended objective. As the yearly Form 990 tax return reveals, the President continues to earn the equivalent of a teacher's salary, or what he earned as Pastor for 27 years.

Generally, all donations, receipts and most accounting practices are the responsibility of an independent accounting firm to promote accountability and professionalism.

Sincerely,

J. W. Gaines, Director
